// Highlights

Flexible Control Ways

Control your devices with voice commands via Amazon Alexa or the Google Assistant.

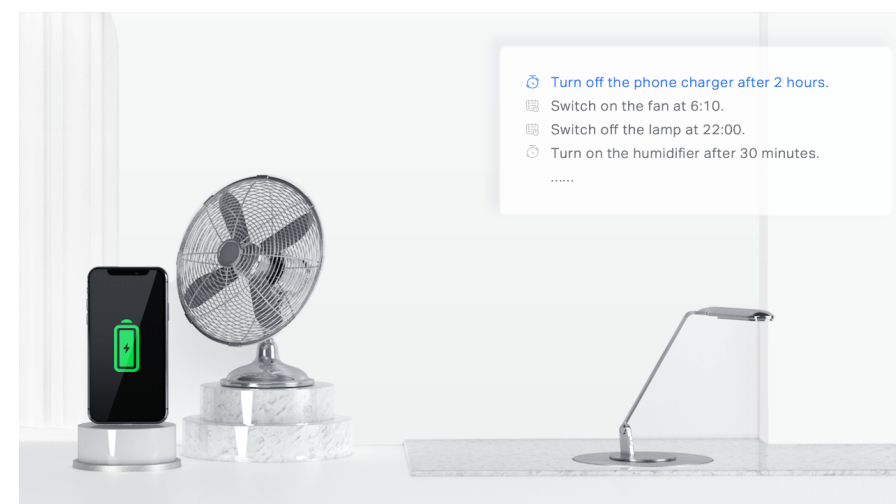

Instantly turn connected devices on/off wherever you are via the Tapo app.

Control your connected devices through your Tapo app, even when the Internet is down.

Live Smarter by Presetting Time

Schedule and Timer features allow you to create weekly schedule and countdown plans. All of your connected electronics will automatically work at your preset time, making your life smart, convenient, and energy-saving.

// Highlights

A Deterrent for Your Home

Away Mode, a feature that intelligently simulates someone being home by turning the plugged in device (like a lamp) on and off, makes it appear that someone is home when you're on long trips to keep away people with ill intent.

Intelligent Energy Monitoring At Your Fingertips Saves Money and Energy

Monitor real-time power consumption and energy spend via the Tapo App. Save smarter by managing your appliances for when electricity is cheaper.
